

Protect your investment.

Simplify service. Eliminate guesswork.

While A-dec equipment doesn't require a lot of maintenance, it benefits from periodic inspection and replacement of wear items just like any other equipment. A-dec Preventative Maintenance Kits simplify service and eliminate guesswork by packaging common service items into annual and 5-year maintenance kits for your A-dec operator and mechanical room.

Always use A-dec parts when it's time for service and maintenance. Contact your authorized A-dec service professional to schedule a checkup—and keep your equipment running as good as day one.

Maintenance checklists are available here.

Why use preventative maintenance kits?

- Reduce service times and repeat technician visits
- Keep equipment running at peak performance
- Decrease operator downtime

What options are available?

Annual Maintenance Kits

- A-dec 300/A-dec 500
- A-dec 200/Performer®/ Cascade®
